3 Energy Savings

- R6.3 insulation value of polyurethane foam energy core is **over seven times the insulating value of a 1" wood core!**
- Sash interlock system provides weather-proof draft barrier to keep out wind, heat and cold
- Polypropylene weather-strip seals frames and windows to resist drafts, dust and moisture
- Pressure-bonded, 1" seamless insulating foam core
- Adjustable 2" bottom expander with vinyl weather sweep

4 Beauty

- Five styles to choose from
- Seamless steel door skin
- Authentic embossed appearance
- Embossed crossbuck or two panel design
- Beautiful double-coated, scratch-resistant, polyester finish to prevent corrosion
- Matching hardware
- Four color selections

5 Color Selection

* Due to differences between paint and ink pigments, the colors shown here are approximate colors to the actual shipping product.

Five things to look for in a storm door:

1 Durability

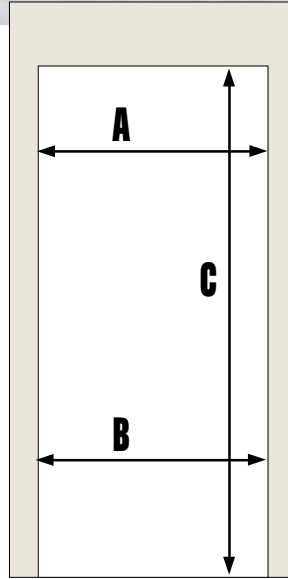

- Strength-of-seamless steel
- 26-gauge steel panels
- Heavy-duty, reinforced aluminum frame
- Four self-lubricating, bronze-bearing, shock stress hinges
- Heavy-duty, die-cast zinc hardware
- Closer with full 90° opening
- Tempered safety glass
- Marine-glazed, self-storing windows
- Rustproof, fiberglass, self-storing screen
- Will not delaminate or rust
- Injected polyurethane foam core provides superior strength and rigidity
- Seamless steel skins bonded to polyurethane prevents water penetration

2 Lifetime Warranty

The Survivor Storm Door has a full, nonprorated limited warranty for as long as the original homeowner/purchaser owns the home.

How to Measure Your Door Opening

Bring these measurements to your SURVIVOR retailer

The SURVIVOR comes complete with easy to follow, do-it-yourself instructions and all necessary hardware.

Measurement A – width
Measurement B – width
Measurement C – height

Colors and Sizes

SURVIVOR Storm Doors are available in standard sizes of 32" x 80" (fits opening of 31-3/4" to 32-1/4" x 80" to 81-1/4") and 36" x 80" (fits opening of 35-3/4" to 36-1/4" x 80" to 81-1/4") in White, Green, Sandstone, and Cocoa Brown. Can be installed with the door handle on the left or right side.
